Profile

I am a junior front-end developer. I want to find a good, remote job in the position of intern/trainee/junior front-end developer in order to expand my knowledge and bring benefit to the company.

I have no work experience, but I did various projects during my studies to improve my skills. I have expertise in developing responsive web-pages using HTML, CSS, JavaScript as well as apply CSS preprocessors such as SASS/SCSS. I know how to work with git. I have skills in working with layouts in Figma program.
